ABOUT MARK

Detail-oriented and creative professional with 7 combined years in graphic design, 5 years in front end web, and 3+ years in video editing. A fast learner who works well independently, with a strong ability to bring ideas to life across design, digital, and content platforms. Experienced in both freelance and collaborative environments, focused on continuous growth and high-quality work.

EXPERIENCE

2024 - 2026 Floral Delights Ph | BFL | Flowershops Network (local)

Graphics and Website Designer / Shopify Liquid / Video Editor

Freelance role with graphics and did full time to develop websites. Created graphics and developed brand, front end development (liquid) & created content for Floral Delights. On Shopify, I architected and coded a custom storefront in Liquid programming. Edited videos & live stream motion graphics and OBS stream setup for the Bohol Football League. Designed the logo and branding for Floral Delights. Created websites for the Flowershops Network: Philippines Florist Association and Floral Treasures. Above companies all owned by one owner.

2023 - 2024 Synergy Graphics (remote)

Graphic Designer | Squarespace Designer

Responsibilities: Designed logos, marketing materials, and web graphics including brochures, mockups, and banners. Built and customized Squarespace and WordPress sites, applying HTML, CSS, and JS for advanced styling.

2018 - 2023 Elite Sports Socks (remote part-time)

Graphic Designer | VA

Rendered 4 days of part-time work per week, 3-4hrs/day (Fri-Sat-Sun-Mon schedule) and I design socks, created templates, mockups and proofs in pixelated form. I use both Photoshop and Illustrator in editing or designing the socks/logos. Setup layers for HTML tagging and work with SVG files. Other main tasks include, answering customer emails and sending follow-ups. Other skills used: html tagging, publisher, logo and poster design.

2021 - 2022 Benchmarking | Jamcyber (remote)

Graphics-Web Designer | Video Editor

Designed marketing materials, website graphics, data visualization (dynamic/static), infographics, UI design for web app, developed WordPress site, video editing and motion graphics. Assisted the team with our WordPress sites for issues, page creation and design elements. Tech used: Illustrator, Photoshop, After Effects, Premier Pro, Adobe XD, Datylon, Excel, Creative Cloud, WordPress, Active Campaign.
